The Bull Terrier 185

Smart family living, with room to relax

The Bull Terrier 185 brings four bedrooms and two living spaces together in a practical, easy-flowing layout. At the front, the main bedroom has its own walk-in robe and ensuite, while a separate media room creates a quiet retreat for movie nights or downtime.

At the centre of the home, the kitchen and walk-in pantry connect with the dining and living areas. Three additional bedrooms sit together in their own zone, close to the family bathroom and separate WC. A covered alfresco, dedicated laundry and double garage complete this well-planned home.
